- **Save Money** – reduce the use of chemicals, sponges, and paper towels up to 90%!
- **Save Time** – our cleaning system saves time and effort – makes life easier
- **Better Health** – you don’t breathe, touch or ingest chemicals. Dirt and dust are removed instead of spread around. Remove 99% of bacteria from surfaces. Great benefit to those with allergies and asthma.
- **Better Environment** – you will be doing your part to preserve the environment for our children and our future by not using or at least by reducing the amount of chemicals used.
- **Norwex Antibac** microfiber contains a silver agent which prevents bacteria from growing in the cloths.

Maintenance: Wash slightly dirty cloths and wet mop pads under warm running water and then use again before laundering. Launder all microfiber products with other lint-free laundry. Use only detergents without bleach additives. Do not use bleach, fabric softener or dryer sheets on microfiber.
